

Cal. 6R15

.

## NOTES ON OVERHAUL

- The watch is a precision device with many moving parts lubricated with special oils. If the parts run short of oil or get worn out, the watch may lose time or stop operation. In such a case, have the watch overhauled.

## NOTES ON GUARANTEE AND REPAIR

- Please contact the retailer the watch was purchased from or SEIKO CUSTOMER SERVICE CENTER for repair or overhaul.

## SPECIFICATIONS

- 1 Features ..... 3 hands, time display (Hour, minute and second hands) and date display
- 2 Vibrations per hour.....
